Thanks to the collaboration of the Colmenar Viejo Town Council, the Convention will take place at the Pablo Neruda Cultural Centre, located at Calle Real No. 40, 28770 Colmenar Viejo (Madrid).

Colmenar Viejo is a town in the north-west of the Madrid region, surrounded by pastures of holm oaks and ash trees.

An open town since ancient times, it was a stopping place between Alcalá de Henares and Segovia. Located at the foot of the Sierra de Guadarrama, part of its territory belongs to the Upper Manzanares Basin Regional Park.

Known for its quarries, from which granite was extracted to build monuments such as Almudena Cathedral and the Valley of the Fallen, quarrying and livestock farming were pillars of its economy.

4. TOURISM

The municipality of Colmenar Viejo, located in the mountains of Madrid, offers major tourist attractions.

COLMENAR VIEJO:

A must-see is the Basilica of the Assumption of Our Lady, a Gothic church with an impressive bell tower and a magnificent main altarpiece. Inside it is the Museum of Sacred Art.

SURROUNDINGS: Royal Monastery of San Lorenzo de El Escorial

Located on the southern slope of Mount Abantos at an altitude of 1,028 metres in the Sierra de Guadarrama, it enjoys outstanding scenic value. Since 2 November 1984, the Royal Monastery of San Lorenzo de El Escorial has been included on the World Heritage List.

A complex that includes a royal palace, a basilica, a pantheon, a library, a school and a monastery. The basilica is the burial place of the kings of Spain, and the monastery - founded by monks of the Order of Saint Jerome - is currently occupied by friars of the Order of Saint Augustine. Built by King Philip II in the second half of the 16th century, it is one of the most distinctive Renaissance architectural complexes in Spain and Europe.

MADRID

Less than 45 minutes away by car, Madrid, the capital of Spain, is home to museums of worldwide importance, notably the Prado Museum, the Reina Sofía National Museum Art Centre and the Thyssen-Bornemisza National Museum. In 2021, the Paseo of The Prado and Buen Retiro, a landscape of arts and sciences, were included on UNESCO's World Heritage List.

As the capital of the kingdom since 1561, it has left its mark on the city with impressive palaces such as the Royal Palace, dreamlike gardens such as El Retiro Park or the Sabatini Gardens, as well as monuments such as Puerta de Alcalá. In a city with so much history, a walk through the old quarter, Plaza Mayor or Puerta del Sol is essential.
